Forwards for approval draft of the above bye-laws as decided by Govt

The draft is stated to be based on the bye laws in force in the Madras Corporation, a copy of which is said enclosed for reference

2) A statement as to the compliance with the provisions of Sec 375 of the Corporation Act is obtained from the Commissioner as suggested by the Law Secretary and put up

3) The licensing provisions have been included again in the draft and hence bye law 4 is deleted and bye-law 2 is suitably amended which is considered

8) Though "oil" is not an item included in Schedule IV a general clause has been inserted at the end of the Schedule to cover certain matters during the course of any industrial process arising which in the opinion of the Council is likely to be dangerous to human life, or health or property, or is likely to create or cause a nuisance This is one amongst those clause under which the Corporation has framed by-laws on the advice of the Council, for the control and supervision of places used for making oil on Commercial Scale the Govt may not the yet article Rights to question their action though it may not have been specifically mentioned as an item in the Schedule. This is entirely discretionary with the Council

9) Our Act is based entirely on the Madras Corporation Act. Such a bye-law has also been framed by the Madras Corporation. The location of oil presses in residential quarters is a new source. Hence bye-laws for controlling these premises may be necessary.

1) The scope of the power referred to in para 8 does not appear to be as wide as to include the present bye-laws Moreover Storing or packing oil may not be dangerous to the public health Moreover there is no order of the Commissioner in this respect.

2) The better course seems to be amend the Act on the lines of the Madras Act, and then make the bye laws

17) The addition of a para containing a general clause at the end of the Schedule though it does not exist in the Madras Corporation Act is obviously to give the discretion to the Commissioner in these matters perhaps because of a few items framed in the Madras Act being omitted in our Act it is not necessary that the Grade streets only to be regulated under these provisions should only be dangerous to public health Even if it causes a reasonable doubt whether the scope of the Commissioners powers under the para referred to above is only after excluding as an item in the Schedule the framing of bye-laws should be reasonable. The addition of this para would have no meaning There can also be no dispute that the creation of civil powers in the matter of residential quarters is a considerable measure under Sec 3(23)

18) it is the Commissioner who primarily drafts bye-laws on all matters to be considered necessary before the Corporation for approval subject to the provisions of the Act and the practice obtaining in other

Subject Bye-laws for the control and Supervision of premises used for Blowing, packing, pressing cleansing preparing or manufacturing by any process whatever "oil" as the alley of B'lore

Sir,

With Reference to your letter No A 1 (33) / 52 53 dated 6 10 52 on the above Subject I am directed to State that "oil" is not one of the trades enclosed in Schedule D of the Corporation Act

no bye-laws can be framed to regulate trades not included in the Schedule the control over the making of paper had to be abandoned for similar difficulties. The Schedule therefore requires to be amended by Rules framed under Sub Sec (3) of Sec 365 of the Corporation Act to cover all such items I am to request you therefore to send suitable proposals for the amendment of the Schedule with a draft of the Rules also for consideration

Subject Bye-laws for the control and supervision of premises used for storing, packing, etc , by any process whatever (1) Oil and (2) paper in the City of Bangalore

& MAS

With reference to your letter No L 8683 dated the 21st October 1953, I write to say that the two items (1) oil and (2) paper were originally included in the schedule appended to the City of Bangalore Municipal Corporation Bill in the Bill stage, but they were omitted from the schedule when the Bill was passed into law, on the recommendation of the Select Committee No reasons were however given by the Select Committee for the omission With a view to have some control over such industries, action was taken to frame bye-laws in respect of those two items under the last para of the Schedule to the Corporation Act, and these bye-laws were based on the bye-laws framed by the Madras Corporation under the Madras City Municipal Act, 1919, under which a license is necessary in respect of those two items
